

# FL SWITCH 1108N - Industrial Ethernet Switch

1085243

<https://www.phoenixcontact.com/gb/products/1085243>

Please be informed that the data shown in this PDF document is generated from our online catalog. Please find the complete data in the user documentation. Our general terms of use for downloads are valid.

Narrow Ethernet switch, eight RJ45 ports with 10/100/1000 Mbps on all ports, automatic data transmission speed detection, autocrossing function, and QoS

## Your advantages

- QoS-prioritized (Quality of Service) messages
- RJ45 ports support a transmission speed of 10/100/1000 Mbps
- Jumbo frame support (frame size up to 9216 bytes/frame)
- Local diagnostic indicators with LEDs
- Enhanced traffic prioritization for automation protocols
- PROFINET PTCP filter for reliable communication on PROFINET networks
- Energy-efficient Ethernet in accord. with IEEE 802.3az
- PROFINET Conformance Class A for real-time data exchange
- Auto negotiation and autocrossing detection simplifies installation and setup

## Commercial data

|                                      |               |
|--------------------------------------|---------------|
| Item number                          | 1085243       |
| Packing unit                         | 1 pc          |
| Minimum order quantity               | 1 pc          |
| Sales key                            | DNN116        |
| Product key                          | DNN116        |
| GTIN                                 | 4055626835013 |
| Weight per piece (including packing) | 259 g         |
| Weight per piece (excluding packing) | 179 g         |
| Customs tariff number                | 85176200      |
| Country of origin                    | TW            |

## Technical data

### Dimensions

|        |          |
|--------|----------|
| Width  | 22.5 mm  |
| Height | 140.4 mm |
| Depth  | 92.4 mm  |

### Notes

#### Note on application

|                     |                         |
|---------------------|-------------------------|
| Note on application | Only for industrial use |
|---------------------|-------------------------|

### Material specifications

|                  |                                |
|------------------|--------------------------------|
| Color (Housing)  | gray (RAL 7042)                |
| Color (Cover)    | light gray (RAL 7035)          |
| Housing material | Polycarbonate fiber reinforced |

### Mounting

|               |                   |
|---------------|-------------------|
| Mounting type | DIN rail mounting |
|---------------|-------------------|

### Interfaces

#### Ethernet (RJ45)

|                               |                                   |
|-------------------------------|-----------------------------------|
| Number of interfaces          | 8                                 |
| Connection method             | RJ45                              |
| Note on the connection method | Auto negotiation and autocrossing |
| Transmission speed            | 10/100/1000 Mbps                  |
| Transmission physics          | Ethernet in RJ45 twisted pair     |
| Transmission length           | 100 m (per segment)               |
| Signal LEDs                   | Data receive, link status         |
| No. of channels               | 8 (RJ45 ports)                    |
| Input buffer                  | 1.5 Mbits                         |
| Output buffer                 | 1.5 Mbits                         |

### Product properties

|                |                                                                                                      |
|----------------|------------------------------------------------------------------------------------------------------|
| Product type   | Switch                                                                                               |
| Product family | Unmanaged Switch 1000                                                                                |
| MTTF           | 66.1 Years (MIL-HDBK-217F standard, temperature 25°C, operating cycle 100%)                          |
|                | 786 Years (SN 29500 standard, temperature 25°C, operating cycle 21%)                                 |
|                | 709 Years (Telcordia standard, 25°C temperature, 21% operating cycle (5 days a week, 8 hours a day)) |

#### Switch functions

|                  |
|------------------|
| Unmanaged switch |
|------------------|

# FL SWITCH 1108N - Industrial Ethernet Switch

1085243

<https://www.phoenixcontact.com/gb/products/1085243>

|                                  |                                                       |
|----------------------------------|-------------------------------------------------------|
| Basic functions                  | Autonegotiation                                       |
|                                  | Store and Forward switching mode                      |
| PROFINET conformance class       | Conformance Class A                                   |
| MAC address table                | 4k                                                    |
| Status and diagnostic indicators | LEDs: U <sub>S</sub> , link and activity per port     |
| Additional functions             | 100 BASE-TX/100BASE-FX (IEEE 802.3u)                  |
|                                  | Jumbo frames (Max. 9,216 bytes)                       |
|                                  | Quality of Service (QoS) prioritization (IEEE 802.1p) |
|                                  | Energy-efficient Ethernet (IEEE 802.3az)              |
|                                  | Gigabit Ethernet 1000BASE-T (IEEE 802.3ab)            |
|                                  | 10Base-T (IEEE 802.3)                                 |

## Security functions

|                 |                                  |
|-----------------|----------------------------------|
| Basic functions | Unmanaged switch                 |
|                 | Autonegotiation                  |
|                 | Store and Forward switching mode |

## Electrical properties

|                                                 |                      |
|-------------------------------------------------|----------------------|
| Maximum power dissipation for nominal condition | 4.068 W (at 24 V DC) |
| Transmission medium                             | Copper               |

## Supply

|                             |                                                                |
|-----------------------------|----------------------------------------------------------------|
| Supply voltage (DC)         | 24 V                                                           |
| Supply voltage (AC)         | 24 V AC (50/60 Hz)                                             |
| Supply voltage range        | 9 V DC ... 32 V DC                                             |
|                             | 18 V AC ... 30 V AC (50/60 Hz)                                 |
| Power supply connection     | Via COMBICON, max. conductor cross-section 2.5 mm <sup>2</sup> |
| Residual ripple             | 3.6 V <sub>PP</sub> (within the permitted voltage range)       |
| Max. current consumption    | 452 mA (at 9 V DC)                                             |
| Typical current consumption | 54 mA (at 24 V DC)                                             |

## Connection data

### Power supply

|                                                                         |                                              |
|-------------------------------------------------------------------------|----------------------------------------------|
| Connection method                                                       | Push-in spring connection                    |
| pluggable                                                               | yes                                          |
| Conductor cross-section, rigid                                          | 0.2 mm <sup>2</sup> ... 2.5 mm <sup>2</sup>  |
| Conductor cross-section, flexible                                       | 0.2 mm <sup>2</sup> ... 2.5 mm <sup>2</sup>  |
| Conductor cross-section AWG                                             | 24 ... 12                                    |
| Conductor cross-section, flexible, with ferrule, with plastic sleeve    | 0.25 mm <sup>2</sup> ... 2.5 mm <sup>2</sup> |
| Conductor cross-section, flexible, with ferrule, without plastic sleeve | 0.25 mm <sup>2</sup> ... 2.5 mm <sup>2</sup> |
|                                                                         | 0.25 mm <sup>2</sup> ... 2.5 mm <sup>2</sup> |
| Conductor cross-section, flexible, with ferrule, with plastic sleeve    | 0.25 mm <sup>2</sup> ... 2.5 mm <sup>2</sup> |
| Stripping length                                                        | 10 mm                                        |

## Environmental and real-life conditions
