Please be informed that the data shown in this PDF document is generated from our online catalog. Please find the complete data in the user documentation. Our general terms of use for downloads are valid.

System package, contains:

- INTERBUS master interface IBS ECO-LINK
- Documentation, driver, monitors
- Adapter set with 0.5 m cable for supplying the IBS ECO-LINK SYSKIT
- V.24 cable (1 m)
- INTERBUS cable (3 m)

Product description

IBS ECO-LINK is a different approach for the use of the INTERBUS system on IBM-compatible PCs. IBS ECO-LINK is an inexpensive solution which offers easy handling for simple control tasks. The user has almost immediate success, since the signals of the peripherals are made available in the PC without any great effort.

IBS ECO-Link is ideally suited for startup and servicing purposes. In addition, the IBS ECO-LINK can also be used for measurement value acquisition, e.g. when using portable computers, as a control unit for uncomplicated machines and small systems. Bus operation and protocol handling are carried out by the PC. IBS ECO-LINK is connected to the serial interface of the PC, making the performance of the system very dependent on the type of processor used and its workload.

The driver software for Windows and DOS is an integral part of the product, just as the sample programs and a monitor are, but it does not have to be installed separately as the serial drivers of the operating system are used. The latest particular version can be found on our web site. The driver allows you to create powerful INTERBUS applications using C, C++, Delphi or Visual Basic quickly and easily.

Commercial data

Item number	2746524
Packing unit	1 pc
Minimum order quantity	1 pc
Sales key	DRECAA
Product key	DRECAA
GTIN	4017918884635
Weight per piece (including packing)	660.1 g
Weight per piece (excluding packing)	660.1 g
Customs tariff number	85389091
Country of origin	DE

IBS ECO-LINK SYSKIT - System package

2746524
