I/O Modules

Description of product, product group or product family

Product list:

See list on next page(s).

Description of product function:

The modules are used for digital and analog inputs and outputs. The modules can only be used with corresponding industrial head modules.

Reason why CCC certification is not required:

According to the latest bulletin of CNCA for CCC, these above mentioned products do not belong to a CCC category and therefore are not in CCC application range.
