Flexible shoulder bag and belt pouch for the THERMOMARK GO mobile printer. Additional pockets provide space for a smartphone and materials.

Your advantages

- Easy and efficient transportation of your THERMOMARK GO
- Printing your marking solutions straight out of the bag
- Maximum flexibility: The bag can be used as both a belt bag and as a shoulder bag
- Everything you need, always at hand: 2 extra compartments provide space for your smartphone as well as an additional battery and 2 material cartridges
- The small pocket for your smartphone can be removed if necessary: The pocket has a clip so that you can also connect it to your belt separately
- Everything in view at all times: The transparent viewing window on the side of the bag means that you can see which material is inserted in the printer
- Easy removal: Removal belts in the individual compartments allow the printer and accessories to be removed with particular ease
