Please be informed that the data shown in this PDF document is generated from our online catalog. Please find the complete data in the user documentation. Our general terms of use for downloads are valid.

Parameterization software for Phoenix Contact devices. It includes online monitoring of current device process values, adjustment of device parameters, and logging of parameter changes. Windows installation version with online update.

Your advantages

- Smart interfaces to Phoenix Contact applications for control cabinet building and in your CAE programs
- Simplified planning of your projects with the support of intelligent engineering assistants
- Seamless processes from planning to your production through the provision of complete digital data
- Maximum availability for your engineering process thanks to online and offline use

Commercial data

Item number	1371665
Packing unit	1 pc
Minimum order quantity	1 pc
Product key	BH11XX
GTIN	4063151728373
Weight per piece (including packing)	22.22 g
Weight per piece (excluding packing)	22.22 g
Country of origin	Information on the country of origin is provided with the delivery.
