Opener for corrugated tube, to disassemble corrugated tube screw connection, size Pg29

Commercial data

Item number	1853641
Packing unit	1 pc
Note	Made to order (non-returnable)
Sales key	BF66
Product key	AF7AZW
GTIN	4017918134303
Weight per piece (including packing)	7.77 g
Weight per piece (excluding packing)	7.77 g
Customs tariff number	82055980
Country of origin	DE

Drawings

Dimensional drawing

Assembly instructions for Pg29 corrugated pipe

a = Corrugated screw connection

b = Corrugated pipe

c = Opener

Installation note:

Cut the corrugated pipe in the groove to retain a round shape for insertion. The lighter seal (not depicted in the illustration) is positioned in the corrugated pipe screw connection below the safety latch. The darker outer seal (not depicted in the illustration) is placed over the corrugated pipe screw connection from outside. The corrugated pipe is then pushed as far as possible into the corrugated pipe screw connection and clicks into place. The screw connection is opened by placing the yellow corrugated pipe opener with force between the safety latch and the corrugated tube and the corrugated pipe is then pulled out.

Dimensional drawing

Assembly instructions for M32 corrugated pipe

a = Corrugated screw connection

B = Corrugated pipe

c = Opener

Installation note:

Cut the corrugated pipe in the groove to retain a round shape for insertion. The lighter seal (not depicted in the illustration) is positioned in the corrugated pipe screw connection below the safety latch. The darker outer seal (not depicted in the illustration) is placed over the corrugated pipe screw connection from outside. The corrugated pipe is then pushed as far as possible into the corrugated pipe screw connection and clicks into place. The screw connection is opened by placing the yellow corrugated pipe opener with force between the safety latch and the corrugated tube and the corrugated pipe is then pulled out.
